

Get Involved! Be a Leader! !

Join your local Community Advisory Committee (CAC)

A Community Advisory Committee (CAC) on Special Education is a legally mandated group formed to focus and advise on issues that affect our children in special education, SELPA-wide. The members are primarily parents of children with disabilities. In addition, membership includes representatives from public and private agencies concerned with individuals with exceptional needs.

A Special Education Local Plan Area (SELPA) is a consortium of school districts, within a geographical service area, responsible for ensuring that every child eligible for special education receives appropriate services. Each SELPA's Local Plan, based on Federal and California law and regulations, describes how special education services are provided.

Alameda County !
